

UNRESTORED MUSTANG RULES

Unrestored cars are usually low mileage with original factory parts and equipment as ordered. These cars will be judged on originality by authenticity **standards** with reproduction or updated Ford Service Replacement parts not acceptable. Quality and condition will be judged as unrestored, not restored cars. Small imperfections in the paint, undercarriage surface, rust, etc. should be considered normal for unrestored cars. Major dents, body rust, and torn upholstery are not considered normal wear.

It should be noted that some features on certain early and late production cars will vary from the norm and will be judged accordingly.
